Where the Future is Forged. That's a slogan that resonates around the skilled trades workers of the WV Building and Construction Trades Unions. Our members have built and will continue building and maintaining our state and we will always work to better our community and our state. The members of our local craft unions have built, maintained and restored our roads and bridges, hospitals and schools, as well as the power plants and energy generations projects that keep our country running. Our trades people have delivered completion of these projects on time, on budget and without safety issues time after time.

The ACT WV and construction trades of WV, represent over 22,000 trades workers who work in 14 construction sector organizations and represent a wide variety of highly skilled, highly trained individuals, who are represented through distinct local unions, covering all 55 West Virginia Counties and some in our surrounding states.

The Building Trades members are made up of members from our local affiliates who are represented the following trades:

- The International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forger and Helpers
- The International Union of Bricklayers and Allied Craftworkers
- The United Brotherhood of Carpenters and Joiners of America
- Operative Plasters' and Cement Masons' International Association
- The International Brotherhood of Electrical Workers (IBEW)
- Association of Heat and Front Insulators and Allied Workers International
- International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers (IW)
- Laborers International Union of North America (LIUNA)
- International Union of Operating Engineers (IUOE)
- International Union of Painters and Allied Trades (IUPAT)
- United Association of Plumbers, Fitters, Welders and Service Techs (UA)
- United Union of Roofers, Waterproofers, & Allied Workers
- International Association of Sheet Metal, Air, Rail, and Transportation Workers (SMART)
- International Brotherhood of Teamsters

## WE BUILD WEST VIRGINIA

West Virginia's construction trades workers are dedicated, reliable and hardworking. The men and women who makeup the workers in our state, provide some of the highest quality, professional and safe working environments around. The return delivered to partner contractors, as well as owners and operators is proven, on projects big and small, by the skilled trades people in West Virginia.

This book will serve as a resources for contactors, developers, public agencies, and officials who want to partner with our local building trades. The information provided will provide contact information, as well as maps for each trades member organization.

We look forward to working with you to build your project.

Justin Williams  
Director  
Affiliated Construction Trades – West Virginia
